

Carol M. Mason, ARNP, CLS, FAHA

LifeLink Healthcare Institute
Tampa, FL

Carol M. Mason, ARNP, CLS, FAHA, is Clinical Director of the Division of Preventive Cardiology, USF Heart Health Dept., at the University of South Florida College of Medicine in Tampa. In addition is Co-director of the USF Women's Heart Health Program, a collaborative effort on the part of USF Cardiology and USF Gynecology departments. In addition to her cardiology clinics Ms. Mason spends one clinic day per week in the gynecology department caring for women at risk for cardiovascular disease. A board-certified lipid specialist, with 25 year's experience in cardiovascular medicine, Ms Mason is Past President of the Preventive Cardiovascular Nurses Association, President-elect of the Southeast Lipid Association, and Vice President and Diplomate of the Accreditation Council on Clinical Lipidology. Ms. Mason lectures frequently and serves as a consultant on lipid management, diabetes and dyslipidemia, organizational management of heart disease prevention programs, as well as women's heart health issues. She has authored many articles on lipid management and lipid clinic organization and administration including a chapter in the book entitled; A Guide to Risk Reduction Management as well as a chapter in the book entitled; Reducing Cardiovascular Risk in the Insulin Resistant Patient. A recent chapter in the text Therapeutic Lipidology is entitled: 'Development & Management of a Lipid Clinic'.
